PAINTING AND WAXING

Painting of IAS will be completed in two weeks. Escorts are needed. GSA will be cleaning and waxing the floors in IAS on a regular schedule.

NASA GODDARD SPACE CENTER TOUR

The Acting Director reported on his visit to see the ERTS operation and equipment. He was very impressed with the quality control practiced here and the similarity of this operation

MID-EAST RESPONSIBILITIES

Since the abolition of the IAS Mid-East Coordinator position there has been some question of responsibility for requirements in the Mid-East area. The members discussed the assignment of responsibility for SA-6's and agreed that weapon deployment would be MD's responsibility and research and development would continue to be MSD's. In addition it was agreed that other requirements in Egypt were the responsibility of MD for work or assignments to the proper division. Requirements in other Mid-East countries would continue to be handled by the division having that substantive responsibility.
